

POSITIVE VIBRATIONS

The new release from American reggae pioneers
Carlos Jones and the PLUS Band

Cleveland's most celebrated cultural voice shines in this latest release, a four-song EP filled with positivity and infectious grooves. With *Positive Vibrations*, their 3rd release, the band stokes the fire with some of the most popular songs from their famously upbeat shows. Irresistibly cheerful, PLUS captures the summer experience with these radio-friendly tracks.

The songs are catchy and accessible, with rock-steady beats, caribbean-flavored horn arrangements and the positive reggae vibe that Carlos has perfected in his 30+ year career.

The CD will be extensively promoted to AAA radio programmers for adds to the Fall 2011 season.
